

Justification of Feedback 2020-2021

A HEI with the feedback system in place will have an active process of not only collecting feedback from all stakeholders, but also analyzing it and identified and drawing pertinent pointer to enhance the learning effectiveness. The feedback from all the stakeholders in terms of its relevance and appropriateness in catering to the needs of the society, economy and environment helps in improving the inputs. The procedure of revision and redesign of curricula is based on recent developments and feedback from stakeholders. For these questionnaires are set after consulting and commonly affirmation thereto such activity by IQAC committee in apprehensive meeting there so.

The Student Feedback Approach is basically about institutional practices, processes and frameworks that take into account students concerns of the quality of the education they receive. This practice assumes that there is an important relationship between the student's environment and learning, and that evaluation of that total learning environment is a necessary exercise. It normally includes following : Survey of the learning environment through questionnaires and focus group discussions. Student identity is confidential. Findings from surveys have to be acted on by the management. Students have to be informed of action that has resulted in the expression of their views. Students feedback and results i.e. encouraging, transparency and openness. Reporting in accessible ways so that students find it more continent.
